DESIGN STORY & INSPIRATION

ZUZUNAGA

Zuzunaga is an international design studio specialising in unique, colourful interior projects, textiles and fashion accessories. Formed by artist and designer Cristian Zuzunaga in 2007, the company's mission is to create beautiful products that capture the dynamic nature of contemporary living.

This new collection is inspired by Cristian Zuzunaga's explorations of Brintons extensive design archive in Kidderminster. Visiting the archive, Cristian was captivated by similarities to his own design principles – squared, pixel based designs, brightly coloured palettes of contrasting colours evident in weaving and wool dying dating back centuries.

This exciting collaboration is testament to the powerful combination of unique innovative design and digital imagery with ancient fabrics and state of the art multicolor weaving technology from Brintons.
